Affecting the  
Quality of Your  
Sleep?**

ZZZ... zzz...  
ZZZZZZZZ...

Finding those elusive sounds of a good night sleep are not easy for some.

## Snoring

has become one of the more frequent topics brought up to health care professionals.

### The PROBLEM?

Not everyone's reasons for snoring are the same.

So then why are so many products

"one-size-fits-all"???

### The SOLUTION?

Doctor Developed and Clinically Tested

The Ultimate Stop Snoring Solution!

Snoring can be attributed to numerous causes. The most proven solution is to move the jaw and tongue forward, opening of the airway.

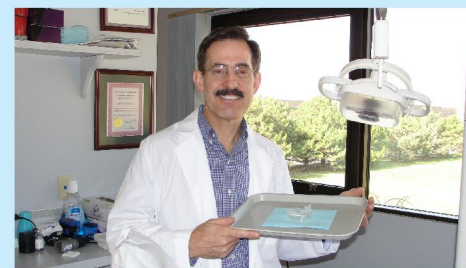

### But how far must it move?

This answer varies by individual - and that's where all other "one-sized-fits-all" anti-snoring devices fail. The Ultimate Stop Snoring Solution allows for gradual positioning that is customized for all types of overbites, underbites, TMJ and teeth grinding that others don't even address! Plus it has nasal or mouth breather options. Made of FDA approved material, this 3 step system puts you in control!

### Product Comparison

## About the Inventor

Don Closson, D.D.S. has been in the dental field for over 30 years and having screened hundreds of patients with snoring and sleep apnea concerns, he began searching to find an affordable solution for this growing health concern.

Finding problems with what was already on the market led Dr. Closson to develop The Ultimate Stop Snoring Solution - the first anti snoring device that offers the custom benefits of a dental lab fabricated oral appliance but at a fraction of the price!

### The Ultimate Stop Snoring Solution Includes:

- \* Set of 3 Anti-Snoring Devices
- \* Sleep Therapy Guide
- \* Diagnosis Guide
